## Chairmans Message

Dear Esteemed Stakeholders,

I extend my warm greetings to each one of you as I reflect upon the past year, which has proven to be both challenging and promising for your company.

In September 2023, an unfortunate incident occurred that tested the resilience of your organization. However, I am pleased to report that your company displayed remarkable determination in the face of adversity and achieved noteworthy growth, a testament to the resolute commitment of the team.

One of the most significant highlights of the year was the inauguration of our state-of-the-art capacitor manufacturing facility, and demonstration of your company's focus towards innovation and excellence. Distinguished clients of great repute have visited and inspected this facility, commending both the facility's sophistication and the professionalism exhibited by your company's dedicated team. Despite the challenging circumstances, we managed to surpass the previous year's sales, achieving a commendable turnover of Rs. 14.07 Cr, marking a growth rate of 16.28%. As we move forward in this fiscal year, we are poised for unprecedented success, driven by a firm belief in our potential to expand our client base and achieve remarkable growth.

Your company's strength has always been its manpower, and we have taken significant strides in this regard. We have attracted top-tier professionals with extensive industry experience, further strengthening our already capable team. Robust processes have been implemented across the board, fostering continual improvement in production, sales, networking, and order execution.

Our reach has expanded significantly, with successful forays into the pan-Indian market and even reaching overseas countries. We remain committed to exploring partnerships that align with our core competencies and offer opportunities for diversification and expansion.

Our participation in the world's largest exhibition 'ELECHEMA – 23' for electronic and electrical manufacturers, featuring over 1500+ exhibitors from India and overseas and drawing over 350000+ visitors, was a resounding success. This event greatly enhanced your company's visibility and reputation. Notably, we stand among the few manufacturers in the country that have supplied reactive power compensation systems to solar plants in India, collaborating closely with established players in non-conventional power generation. Strategic agreements have been forged to ensure continuous business, and we remain dedicated to staying at the forefront of technological advancements.

Currently, your company is actively participating in an international exhibition in Nepal, receiving an overwhelming response from EPC contractors and industries in this country. We are also planning to participate in more international exhibitions to bolster our brand image and secure ongoing business opportunities.

In conclusion, I wish to express my heartfelt gratitude to our shareholders for their unwavering trust in our management team. Our dedicated staff and workmen deserve special mention for their sustained devotion and dedication towards achieving your company's corporate goals. We extend our sincere appreciation to our partners i.e. our vendors, service providers and bankers, all of whom have stood staunchly by our side during trying moments. Last but not least, I must acknowledge the invaluable guidance and counsel provided by our esteemed board members and Independent Directors.

As we look ahead, I am filled with optimism and enthusiasm for the journey that lies before us. Together, we will continue to reach new heights and set higher standards of excellence.

Warm regards,

Oswald D'Souza  
Chairman

(f) The Securities and Exchange Board of India (Registrars to and Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; Not Applicable to the Company during the period under review;

(g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 and The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; Not Applicable to the Company during the period under review;

(h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; Not applicable to the Company during the Audit Period; and

(i) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

I have also examined compliances with the applicable clauses of the following:

a) Secretarial Standards 1 and 2 issued by the Institute of Company Secretaries of India; and

b) Listing Agreements entered into by the Company with BSE Limited.

During the year under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines and Standards as mentioned above, subject to the following observation(s):

1. On 28<sup>th</sup> of September, 2022 an unfortunate fire accident occurred at the premise of the Company. This incident had at large caused harm to workmen's and also damaged machinery and office equipment. After getting clearance from the fire department the company had started the recovery process of all our machines, Server's and PC System in our office. Due to unforeseen and unavoidable circumstances the Board of Directors along with other personnels could not recover the data on time and that further resulted in non-compliance under regulation 33 of SEBI (LODR) for the quarter ending Sep 2022. Penalty for which was levied by Stock Exchange. As on this date Company has paid the penalty in full but under protest along with waiver application. The unfortunate event happened just day before the Annual General Meeting, hence Company couldn't hold the AGM on pre decided date. Company made an application to Ministry of Corporate affairs seeking the extension of time period which was eventually granted by 2 months and the AGM was held withing the extended time period.
2. Company filed certain E-forms with Registrar of Companies (MCA) with additional/late fees.

I further report that:

The Board of Directors of the Company is constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

**I further report that during the audit period:**

- The company has made appointment of Mr. Ashley Mathew Correa as an Independent Director of the company during the financial year under review.

## ANNEXURE E TO THE DIRECTORS’ REPORT

### MANAGEMENT DISCUSSION AND ANALYSIS

#### Business Overview:

Cospower Engineering Limited embarked on its journey as Cospower Engineering Private Limited, incorporated in Mumbai under the Companies Act, 1956, on September 22, 2010. Our Corporate Identification Number, U31908MH2010PTC208016, marked the beginning of our endeavor to acquire the partnership business of M/s. Cospower Corporation, which had been actively operating since 2004. Subsequently, recognizing the need for growth and expansion, we underwent a transformation into a Public Limited Company following a special resolution passed during an Extra-Ordinary General Meeting held on January 23, 2020. Alongside this transformation, our company underwent a name change, emerging as Cospower Engineering Limited, with a fresh Certificate of Incorporation issued on February 19, 2020, by the Registrar of Companies, Mumbai and Maharashtra. Our Corporate Identification Number remains U31908MH2010PLC208016.

Our story began back in 2004 when our esteemed promoters, Mr. Oswald D’Souza and Mr. Felix Kadam, initiated their business journey through the establishment of a partnership firm known as M/s. Cospower Corporation. This firm specialized in trading and marketing electrical goods, with Mr. Oswald D’Souza and Mr. Felix Kadam as its founding partners. Fast forward to the fiscal year 2010, our Company took a significant stride by taking over the operational reins of M/s. Cospower Corporation, including its assets and liabilities. This transformative move paved the way for our entrance into capacitor manufacturing, and we equipped ourselves with state-of-the-art machinery capable of producing top-tier capacitors. This strategic shift not only reduced our reliance on Original Equipment Manufacturers (OEMs) for capacitors but also granted us full control over the design process. This single decision boosted our existing electrical panels business and made us a formidable contender in the market, which translated into substantial sales growth.

Our manufacturing unit, strategically situated in Vasai, Maharashtra, boasts the necessary infrastructure and cutting-edge machinery to facilitate a seamless manufacturing process. Furthermore, we’re proud to share that our commitment to quality and standards extends to our operations. We have secured approvals for our Environment Management System, Quality Management System, and Occupational Health and Safety Management System, aligning with ISO 14001:2015, ISO 9001:2015, and ISO 45001:2018 guidelines. These certifications encompass our design, manufacturing, supply, commissioning, and consultancy services for electrical and mechanical equipment, including the manufacturing of capacitors, panels, and harmonic filters.

#### Our Location:

<b>Registered Office</b>	S.No. 134, Village -Wakipada, Pazar Talao Road, Naigaon-East, Tal-Vasai, Palghar - 401208, Maharashtra
<b>Manufacturing Unit</b>	S.No. 134, Village -Wakipada, Pazar Talao Road, Naigaon-East, Tal-Vasai, Palghar - 401208, Maharashtra

#### Market Size:

Our recent venture into capacitor manufacturing has substantially broadened our market horizons. We have opened doors to government sectors, expanding our market and today we are among other reputed manufacturer who together share a staggering market size of over Rs. 800 crores. We have a PAN India presence and have even ventured into multiple international markets. As part of our strategic approach, we've established offices in all four zones of the country, anticipating significant contributions from these regions.

#### Diversification:

The company's foundational strength has consistently revolved around reactive power compensation, often synonymous with power savings and harmonic mitigation, signifying the enhancement of power quality. With the emergence of advanced technologies aimed at improving power quality, our company has strategically collaborated with select partners, both within India and abroad, to facilitate the supply of cutting-edge power quality products.

This strategic alliance represents a significant augmentation to our existing portfolio of products. It empowers our company with a diverse array of offerings, adding versatility to our product range. This newfound versatility positions us advantageously in the market, presenting us with a unique opportunity to cater to a broader spectrum of businesses.

This expansion into power quality products underscores our commitment to staying at the forefront of industry trends and providing our customers with comprehensive solutions that address the evolving needs of the modern power landscape. We are excited about the possibilities this venture brings and are poised to leverage it for our continued growth and success.

#### Our Competitive Strengths:

1. **Quality Standards and ISO Certification:** Quality is the cornerstone of our success. We are committed to delivering quality products and continuously strive to enhance our industrial processes at every stage of production. As a testament to our commitment, our Environment Management System, Quality Management System, and Occupational Health and Safety Management System have received approval in accordance with ISO 14001:2015, ISO 9001:2015, and ISO 45001:2018 guidelines. These certifications encompass design, manufacturing, supply, commissioning, and consultancy services for electrical and mechanical equipment, including high/low voltage electrical panels. Our dedication to quality is underscored by the quality certifications and accreditations our facility has earned. We firmly believe that providing products that meet global standards will attract both domestic and international customers to our Company.
2. **Experienced and Professional Management Team:** Our qualified management team is our competitive advantage. It enables us to operate effectively and efficiently. Our promoters, Mr. Oswald D'Souza and Mr. Felix Kadam, have over two decades of experience in the electrical and engineering industry. Supported by a seasoned and professional management team with diverse expertise in finance, marketing, sales, product development, and more, our management team brings a wealth of experience to our business. We have also recruited highly professional manpower with extensive experience in capacitor manufacturing. We continually hire new engineers for various roles, both in the back office and for sales and service. We have established a rigorous training schedule for new engineers, ensuring their quick integration into our operations.

*Corporate Office of CosPower*

3. **Stable Customer Base:** Our Company has nurtured long-standing relationships with key customers and suppliers. These enduring relationships are a testament to our commitment to quality, timely delivery, prompt payments, and adaptability, among other factors. Over the past decades, we've accumulated invaluable experience in assisting our customers in developing new designs, incorporating the latest technologies, and efficiently utilizing our manufacturing facility, equipment, and materials. This ongoing collaboration has allowed us to constantly improve our product offerings, structure, and functional design to meet our customers' evolving needs.
4. **Wide Product Range and Product Segments:** Our Company boasts a diverse product portfolio that encompasses a broad spectrum of electrical equipment. In addition to our product range, we provide a wide range of services delivered by a highly trained team of field service engineers. This team ensures the safe and proper operation of electrical distribution equipment. Maintaining a diverse portfolio in our business allows us to cater to the varied needs of our different customer segments effectively.
5. **Well-Established Manufacturing Facility:** Our manufacturing facility, strategically located in Vasai, Maharashtra, is equipped with the necessary machinery and infrastructure to handle our product portfolio efficiently. Our manufacturing process offers us the flexibility to produce any part of our products on short notice, ensuring timely deliveries.
6. **IT Support:** We leverage the latest software tools to streamline our operations and make informed strategic decisions. Our acquisition of ERP software for operations and Etap software for simulation studies of electrical systems provides us with a distinct advantage when making presentations to clients.

7. **Brand Image:** We place a strong emphasis on our brand image and reputation. We continuously associate ourselves with high-quality customers and execute orders to their utmost satisfaction. Our commitment to brand building is underpinned by our dedication to providing excellent services that leave customers highly satisfied. Our active participation in prominent electrical exhibitions such as ELECRAMA and international exhibitions, like the one in Nepal, has played a pivotal role in strengthening our brand image and increasing our visibility.

**#DAY\_3**

**#DAY\_3**

*CosPower at Elecrama 2023 International Exhibition (biggest in the world)*

*CosPower at Nepal Electric, Power and Lights International Expo*

8. **Strengthening Relationship with Existing Customers and Widening Our Customer Base:** While we remain dedicated to strengthening our relationship with existing customers and fulfilling their requirements, we also focus on establishing new relationships with prospective customers. This approach allows us to expand our customer base into new areas.
9. **Effective Utilization of Funds and Resources:** The sustainability and profitability of our business depend on the effective utilization of our resources. This encompasses various facets, including lower rejection rates, prompt recovery, cost-effective procurement, controlled inventory, preventive maintenance of machines and equipment, and constant efforts to improve process timings, ultimately leading to increased productivity. To ensure quality and reduce rejection rates, we have implemented a comprehensive quality assurance plan. This plan includes inspections of raw materials, stage inspections, and final testing, all of which ensure the production of the highest-quality products. Our robust vendor registration procedure ensures that we collaborate with vendors who provide quality products and value for money. We have implemented proper Management Information Systems (MIS) to provide the company's status on a day-to-day basis. Our continuous focus on effective resource management underpins our sustainable success.
10. **Continue to Expand and Increase Production Capacity:** Our Company is committed to a meticulous evaluation of our production processes. We actively strive to increase productivity by implementing automated processes that reduce production time without compromising product quality. Recognizing the growing demand for capacitors, we have proactively provisioned for expansion within our existing setup, allowing for a potential doubling of production capacity with minimal capital expenditure. We are already envisioning the need for further production capacity expansion in the near future. We are closely monitoring performance in the current financial year and will take necessary steps accordingly. We are committed to seizing business opportunities without limitations on production capacity. We have kept multiple options open to ensure that we do not fall short in this vital area.

11. **Continue to Improve Operational Efficiencies and Cost Competitiveness Continuously:** We maintain our commitment to adopting best practices and standards across our manufacturing facility. Leveraging the expertise and experience of our management team in plant management, we consistently seek ways to enhance efficiency through comprehensive product planning. This approach results in increased utilization rates and reductions in the cost of production.
12. **Focus on Consistently Meeting Quality Standards:** Presently, our Company holds certifications from ISO 14001:2015, ISO 9001:2015, and ISO 45001:2018. We are steadfast in our commitment to adhering to quality standards for our products. This is essential to ensure repeat orders from our valued customers and to enhance our brand value.

13. **Our Products Range:** Our Company specializes in the manufacturing of various electrical equipment, including but not limited to:

- Capacitors
- Switchgears
- Harmonic filters
- Cable termination kits
- Transformers
- Batteries and battery chargers
- Electrical panels, etc.

14. **Enrolment with Associations:**

We actively participate in several industry associations and forums to remain well-informed about market trends and the latest technological advancements. Our memberships include:

- **IEEMA (Indian Electrical and Electronics Manufacturers' Association):** The foremost association in India representing electrical and electronics manufacturers.
- **CEEMA:** An association that keeps us updated on market trends and technological changes.
- **Electrical Contractor Association:** A local association that provides continuous information on the latest trends in the market and technological changes.
- **Local Industrial Association:** A crucial association that collaborates with local bodies to improve infrastructure and facilities for industries.
- **Export Associations:** We maintain memberships in associations that provide information on export opportunities and government incentives aimed at boosting exports.

#### MANUFACTURING PROCESS:

Cospower Engineering Limited operates from a sprawling facility measuring 20,000 sq.ft. This state-of-the-art plant is dedicated to the manufacturing of Low-Tension (LT) and High-Tension (HT) capacitors, HT/LT Automatic Power Factor Correction (APFC) panels, and various other electrical panels. Conveniently located in Naigaon near Mumbai, our plant is just an 80-minute drive from Mumbai International Airport.

#### Raw Materials:

Cospower procures primary raw materials such as Polypropylene Film, Aluminium Foil, and Oil from reputed international sources in Asia and Europe. Additionally, we source other raw materials like steel, bushings, insulating papers, solder wires, copper wires and strips, and various hardware items from renowned Indian suppliers. Our raw materials undergo meticulous testing at various stages as per prescribed procedures to ensure their quality for use in capacitor manufacturing. The company maintains a comprehensive documentation process to track the test records of all finished products.

*Polypropylene Film, Aluminium Foil and Oil

#### Winding Room:

The winding process serves as the heart of our capacitor manufacturing process. Precise winding and dry assembly are essential for achieving the complete design parameters and technical specifications. Our winding room adheres to the latest clean room procedures, complete with proper cooling systems. It features filters, dehumidifiers, and clean air modules to maintain a controlled environment. Air shower partitions are installed at the entrance to ensure isolation from the outside atmosphere. Pass boxes facilitate the transfer of materials from the winding room to the dry assembly room, ensuring that elements remain uncontaminated throughout the manufacturing process. Each soldering station is equipped with exhaust chimneys to prevent fumes from circulating within the room. Top plates of capacitor containers are welded in a separate area equipped with proper exhaust facilities. In summary, we take every possible measure to prevent contamination in the capacitor elements and ensure a clean assembly process from winding to encasing the stack in a steel container.

*View of clean room of CosPower*

#### Clean Room Process:

Our capacitor elements are wound using fully automatic winding machines equipped with inbuilt features for winding, pressing elements, high voltage testing, capacitance measurement, weight measurement, and tan delta value measurement for each element. After the entire winding process is completed, groups of elements are sent for column press through a conveyor system. The element groups (series groups) are pressed in column presses and strapped automatically. This ensures uniform and sufficient pressure on the elements to achieve the desired capacitance while allowing adequate gaps for proper and complete impregnation of oil. Proper insulation of the elements with press pan paper is achieved using fully automatic machines. Internal fuses are made on an automatic fuse-making machine, securely sealed in insulation paper boards, and connected to each element. They are neatly isolated from adjacent capacitor elements. Skilled and trained manpower handle the soldering of extended foils for each stack and the connection of each internal fuse to a common busbar strip. The entire assembly is wrapped with insulated paper using a specific number of turns as per the required insulation level. The wrapped assembly is then placed inside CRCA/SS containers. These steel containers undergo a degreasing process to eliminate any dirt or greasy substances before encapsulation. Proper welding, including MIG/TIG welding, is performed on the containers, and every capacitor is subjected to a dry leakage test before oil filling.

*Manufacturing activities in clean room*

### Impregnation Process:

While winding serves as the brain of capacitor manufacturing, the oil impregnation process represents its heart. Cospower's HT and LT capacitors undergo oil impregnation in a highly sophisticated vacuum plant equipped with features for automatic oil filling and continuous process monitoring. During the initial heating phase, the capacitor stacks are thoroughly dried, eliminating any residual moisture content. The vacuum plant boasts the capability to attain a vacuum of 0.003 microns within 24 hours under fully loaded conditions. This ensures that oil penetrates thoroughly and completely saturates the capacitor stack. Capacitors manufactured by Cospower exhibit exceptional thermal stability and excellent partial discharge absorption capacity. After the oil impregnation process is complete, capacitors are securely sealed to prevent contact with the outside atmosphere.

*Oil impregnation process under Vacuum Plant*

### Testing:

Cospower's HT & LT capacitors undergo routine tests in accordance with relevant IS standards. Our company is equipped with cutting-edge testing equipment to perform routine and acceptance tests as per applicable IS/IEC standards. Additionally, we have the capability to conduct thermal stability tests, which are considered type tests. Our quality control department operates independently, focusing solely on ensuring conformity throughout the manufacturing process. Stringent operating procedures are in place to ensure that every finished product undergoes all necessary tests without exception. We take pride in maintaining an exceptionally low rejection rate, signifying the highest quality standards upheld across all facets, including man, machine, and materials.

*Testing of capacitor at the testing lab of CosPower*

#### **Fabrication:**

Our fabrication shop is responsible for producing capacitor containers and their support structures. Equipped with the necessary machinery for fabrication, including mounting brackets and earthing terminals, the shop follows an elaborate fusion welding process that guarantees a smooth welding process without any leakage spots. In the case of HT capacitors, bushings are welded to the container top, while in LT capacitors, bushings are lightly clamped to the container using gaskets to prevent leakage during service conditions.

*Fabrication shop work activities*

#### **Painting, Finishing & Assembly:**

Cospower has established a meticulous painting process for capacitor containers. Sandblasting is employed to clean metal surfaces, removing dirt, grease, chemicals, and ensuring a smooth surface, thereby enhancing corrosion resistance. After this crucial step, containers are primed and finished with paint using electrostatic painting techniques. This method allows precise control over paint application and ensures a uniform coating. The final paint boasts excellent resistance to pollution and moisture, making it ideal for various environmental conditions. Following the painting process, capacitors are assembled based on capacitor bank assembly drawings. For outdoor capacitor banks, structures are fabricated, hot-dip galvanized, and sent in a dismantled state. Hardware, insulators, busbars, connectors, and other components are supplied as per Bill of Materials and approved drawings.

### **Manufacturing process of an electrical panel :**

#### **Design and Engineering:**

The first step is to design and engineer the electrical panel according to the customer's specifications, electrical codes, and safety standards.

#### **Material Selection:**

The selection of high-quality and appropriate materials is crucial for the performance and longevity of the electrical panel. The materials used may include sheet metal, wiring, insulation, busbars, switches, and other components.

#### **Cutting and Bending:**

The sheet metal is cut and bent using specialized machines and equipment to form the frame, back panel, and other components of the electrical panel.

#### **Wiring:**

The electrical wiring is done as per the wiring diagram using specialized tools, connectors, and other equipment.

#### **Component Mounting:**

After wiring, the components such as switches, circuit breakers, contactors, fuses, and other electrical devices are mounted on the panel.

#### **Testing and Quality Control:**

The electrical panel undergoes several tests to ensure it meets the specified requirements and standards, including insulation resistance, polarity, continuity, and functionality tests.

#### **Packaging and Shipping:**

Finally, the finished electrical panel is packed and shipped to the customer, along with the necessary documentation and installation instructions.

## Our Products:

Our product range encompasses a wide array of electrical equipment, including:

### - LT & HT capacitor units

### - LT series reactor

### - LT APFC panels

### - LT RTPFC panels

### HT APFC panels

### - Hybrid Panels

- Passive harmonic Filters

- Active harmonic Filters

- Static Var Generators

- LT MCC/PCC panels

### Marketing and Selling Arrangements:

We have diligently developed a robust marketing network spanning various states in the country, with a strategic focus on government agencies, public sector undertakings, and private clients. Our dynamic marketing team, led by our Promoters, is responsible for shaping our overall marketing strategies. Our longstanding success is rooted in the strong relationships we've cultivated with customers over an extended period. Our sales and marketing team is guided by our management, which remains attuned to evolving customer preferences and changing requirements. A technical team, led by our Director, Mr. Felix Kadam, complements our marketing efforts. Our Promoters, Mr. Oswald D'Souza and Mr. Felix Kadam, leverage their extensive experience and excellent rapport with customers to play a pivotal role in maintaining quality standards and ensuring timely product delivery.

In our marketing endeavors, we utilize various tools, including advertisements, complimentary gifts, seminars followed by fellowship dinners for clients, to expand our business scope and gain deeper market penetration. We actively participate in exhibitions and trade fairs related to electrical products. Our management and staff frequently attend trade exhibitions across the country to stay informed about market trends and promote our brand.

### Human Resources:

Our promoters, backed by their extensive knowledge and experience, receive invaluable support from our Key Managerial Persons. Together, they have forged enduring relationships with our existing customers while also spearheading efforts to engage new ones. We firmly believe that the collective experience, knowledge, and talent within our human resources pool will be the driving force behind our business's success and profitability. Our company is deeply committed to fostering an organizational culture that nurtures talent. To this end, we have strategically blended a workforce of seasoned professionals and dynamic, young talents, granting us a distinct competitive edge. Furthermore, our company conducts regular training programs designed to fortify skills, enhance productivity, and instill a sense of ownership among our valued employees.

### Internal Control Systems and Adequacy:

Our Internal Control System has been meticulously crafted to offer reasonable assurance that our assets remain safeguarded, that transactions are executed in strict accordance with management's authorization, and that they are accurately recorded in our accounting records. This, in turn, ensures that our financial statements and other financial information are prepared with utmost accuracy. Periodical internal checks are carried out to evaluate the adequacy and effectiveness of our internal control systems, guaranteeing their continued robustness.

### Competition:

Operating within an increasingly competitive market, we find ourselves amid participants in both the organized and unorganized sectors. Our competition spans a wide spectrum, ranging from fellow manufacturers to traders, suppliers, and importers of electric equipment in relation to our product offerings. Within the electric equipment industry, suppliers are assessed based on critical attributes, such as technical competence, product quality, the robustness of their sales and distribution network, pricing strategies, and the ability to consistently meet delivery timelines.

We have audited the accompanying financial statements of Cospower Engineering Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2023, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flows ended on that date, and a summary of significant accounting policies and other explanatory information.

### **Opinion**

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, the profit, changes in equity and its cash flows for the year ended on that date.

### **Basis for Opinion**

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

### **Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance Report, and Shareholder Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

### **Management's Responsibility for the Financial Statements**

The Company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors is also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibility**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we

conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure I", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143 (3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

- (e) On the basis of the written representations received from the directors as on 31st March, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure II". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;
- (g) In our opinion, the managerial remuneration for the year ended March 31, 2023 has been paid / provided by the Company to its directors in accordance with the provisions of Section 197 read with Schedule V to the Act;
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - i. There have been no pending litigations against the Company having any impact on its financial position in its financial statements
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
  - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

**Annexure I to the Independent Auditors' Report of even date on the Standalone Financial Statements of Cospower Engineering Limited**

(Referred to in paragraph 1, under 'Report on Other Legal and Regulatory Requirements' section of our Report of even date)

**(i) In respect of its Property, Plant & Equipment:**

- a.
  - i. The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant & Equipment on the basis of available information.
  - ii. The Company has maintained proper records showing full particulars of its intangible assets on the basis of available information.
- b. The Company has a policy of verifying its fixed assets once in a three-year time frame by which its fixed assets are verified in a phased manner. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its fixed assets. No material discrepancies were noticed on such verification as compared with available records.
- c. According to the information and explanations given to us, the title deeds of immovable properties are held in the name of the Company.
- d. The company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) and intangible assets during the year.
- e. The company is not holding any such benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder, therefore the provision of this clause is not applicable to the company.

**(ii)**

- a. The management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies were noticed on such physical verification.
- b. The company has availed working capital limits in the nature of Term Loan and Cash Credit in excess of five crore rupees, in aggregate, from Citizen Credit Co-operative Bank Limited during the year on the basis of security of current assets, and in respect of which the monthly statements filed by the company with the bank are in agreement with the books of account of the Company.

**(iii)** The company has not made investments or granted any loans or provided advances in the nature of loans, or provided any guarantee or security, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in register maintained under section 189 of the Act and hence sub-clause (a), (b), (c), (d), (e), and (f) of clause (iii) of Para 3 of the Order are not applicable.

**(iv)** In respect of loans, investment, guarantees and security the Company has complied with provision of section 185 and 186 of the Companies Act. However, it has outstanding total loan provided to

related parties for Rs.1.20 Lacs, same is not interest bearing and expected to be repaid in normal course of business.

- (v) The company has not accepted any deposits from public within the meaning of Section 73, 74, 75 and 76 and hence clause (v) of Para 3 of the order is not applicable.
- (vi) According to the information and explanations given to us, Central Government has not prescribed maintenance of cost records under sub-Section (1) of Section 148 of the Act in respect of activities carried on by the Company. Therefore, the provisions of clause (vi) of paragraph 3 of the Order is not applicable to the Company.
- (vii)
  - a. The company is regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income Tax, Sales-Tax, Service Tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues with appropriate authorities, where applicable. According to the information and explanations given to us, there are no undisputed amounts payable in respect of such statutory dues which have remained outstanding as at 31st March, 2023 for a period of more than six months from the date they became payable except for payment of TDS payable of Rs. 5.79 Lacs, Income Tax payable of Rs. 68.12 Lacs.
  - b. According to the records of the company, there are no dues outstanding of income-tax, sales-tax, service tax, duty of customs, duty of excise and value added tax on account of any dispute.
- (viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year
- (ix)
  - a. The company has not defaulted in repayment of any dues to a financial institution, bank, and government during the period. The company has not borrowed any amount by way of debentures.
  - b. The company is not declared as a willful defaulter by any bank or financial institution or other lender during the period.
  - c. Moneys raised by way of term loans were applied for the purpose for which the loan was obtained.
  - d. On an overall examination of the standalone financial statements of the Company any funds raised by the company for short term purposes are not utilized for any long term purpose.
  - e. The company does not have any subsidiaries, associates or joint ventures. Accordingly, the provisions of clause 3(ix)(e) and clause 3(ix)(f) of the Order are not applicable.
- (x)
  - a. The company has not raised any money by way of Initial public offer or further Public offer (Including debt instruments) during the year.

- b. The company has not made any preferential allotment/ private placement of share or fully or partly paid convertible debentures during the year and accordingly provisions of clause (x) of Para 3 of the Order are not applicable.
- (xi)**
- a. On the basis of our examination and according to the information and explanations given to us, no fraud by the company or any fraud on the company by its officers/employees has been noticed or reported during the year.
  - b. No such report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors during the year in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
  - c. Auditors have not received any whistle-blower complaints during the year by the company.
- (xii)** The company is not a Nidhi Company and accordingly the information and explanations given to us, provisions of Nidhi Rules, 2014 are not applicable to the company.
- (xiii)** On the basis of our examination and according to the information and explanations given to us, we report that all the transaction with the related parties are in compliance with Section 177 and Section 188 of the Act, and the details have been disclosed in the Financial statements in Note no. 37 as required by the applicable accounting standards.
- (xiv)**
- a. Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
  - b. We have considered the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- (xv)** According to the information and explanations given to us, the company has not entered into any non-cash transactions with directors or persons connected with him.
- (xvi)** The company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 and accordingly, provisions of clause (xvi) of Para 3 of the Order are not applicable.
- (xvii)** The company has not any incurred cash losses in the current financial year and in the preceding financial year.
- (xviii)** There is no resignation of Statutory Auditors during the year, hence provisions of clause (xviii) of Para 3 of the Order are not applicable.
- (xix)** On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not

capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- (xx) The company does not fall under the provisions of Corporate Social Responsibility vide section 135 (1) of The Companies Act, 2013, therefore the provisions of clause (xx) of Para 3 of the Order are not applicable.
- (xxi) No qualifications or adverse remarks by the respective auditors in the Companies (Auditor's Report) Order (CARO) reports of the companies included in the consolidated financial statements, therefore the provisions of clause (xxi) of Para 3 of the Order are not applicable.

**Annexure II to the Independent Auditors' Report of even date on the Standalone Financial Statements of Cospower Engineering Limited**

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act**

We have audited the internal financial controls over financial reporting of Cospower Engineering Limited ("the Company") as at 31st March, 2023 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

(a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the

Company are being made only in accordance with authorizations of management and directors of the company; and

(c) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## **Note 1**

### **Notes to Financial Statements**

#### **Company Background**

Cospower Engineering Limited 'Company' is a public limited Company incorporated under the Indian Companies Act 1956. The Company is engaged in the business of manufacturing & supply of re-active power compensation systems, harmonic filters & other engineering goods.

#### **Significant Accounting Policies**

##### **1. Basis of preparation of financial statements**

###### **(a) Basis of Accounting:**

The financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting in accordance with the accounting principles generally accepted in India ('Indian GAAP') and comply with the Accounting standards prescribed in the Companies (Accounting Standards) Rules, 2006 which continue to apply under Section 133 of the Companies Act, 2013 ('the Act') read with Rule 7 of the Companies (Accounts) Rules, 2014.

###### **(b) Use of Estimates:**

The preparation of financial statements in conformity with Indian GAAP requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosures of contingent liabilities at the end of reporting period.

###### **(c) Current/Non-Current Classification:**

Any asset or liability is classified as current if it satisfies any of the following conditions:

- i. It is expected to be realized or settled or is intended for sale or consumption in the company's normal operating cycle;
- ii. It is expected to be realized or settled within twelve months from the reporting date;
- iii. In the case of an asset, it is held primarily for the purpose of being traded; or it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- iv. In the case of a liability, the company does not have an unconditional right to defer settlement of the liability for at least twelve months from the reporting date all other assets and liabilities are classified as non-current. For the purpose of current / non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months. This is based on the nature of services and the time between the acquisition of assets or inventories for processing and their realization in cash and cash equivalents.

##### **2. Tangible and Intangible Assets**

###### **(a) Tangible Fixed Assets**

Tangible fixed assets are carried at the cost of acquisition or construction, less accumulated depreciation/accumulated impairment. The cost of fixed assets comprises of its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its

working condition for its intended use. Expenses directly attributable to new manufacturing facility during its construction period are capitalized. Know-how related to plans, designs and drawings of buildings or plant and machinery is capitalized under relevant tangible asset heads. Pursuant to the requirements under Schedule II of the Companies Act, 2013, the Company has identified and determined the cost of each component of an asset separately when the component has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset. Profit or loss on disposal of tangible assets is recognized in the Statement of Profit and Loss. Tangible Fixed assets retired from active use and held for disposal are stated at the lower of their net book value and net realizable value and are disclosed separately under 'Other Current Assets'. Any expected loss is recognized immediately in the Statement of Profit and Loss.

#### **(b) Intangible Assets**

Intangible assets acquired separately are measured on initial recognition at cost. Intangible assets arising on acquisition of business are measured at fair value as at date of acquisition. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment loss, if any. Profit or Loss on disposal of intangible assets is recognized in the Statement of Profit and Loss.

#### **(c) Capital Work in Progress & Capital Advances**

Cost of Assets not ready for intended use, as on the balance sheet date, is shown as capital work in progress. Advances given towards acquisition of fixed assets outstanding at each balance sheet date are disclosed as Short Term Loans & Advances.

#### **(d) Depreciation and Amortization:**

Depreciation on tangible fixed assets is provided using the Straight Line Method based on the useful lives of the assets as estimated by the management and is charged to the Statement of Profit and Loss as per the requirement of Schedule II of the Companies Act, 2013. The estimate of the useful life of the assets has been assessed based on technical advice which considered the nature of the asset, the usage of the asset, expected physical wear and tear, the operating conditions of the asset, anticipated technological changes, manufacturers warranties and maintenance support, etc. Significant components of assets identified separately pursuant to the requirements under Schedule II of the Companies Act, 2013 are depreciated separately over their useful life. The residual value, useful life and method of depreciation of an asset is reviewed at each financial year end and adjusted prospectively

#### **(e) Impairment**

At Balance Sheet date, an assessment is done to determine whether there is any indication of impairment in the carrying amount of the Company's assets. If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount. An assessment is also done at each Balance Sheet date whether there is any indication that an impairment loss recognized for an asset in prior accounting periods may no longer exist or may have decreased. If any such indication exists the asset's recoverable amount is estimated. The carrying amount of the fixed asset is increased to the revised estimate of its recoverable amount but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset in prior years. A reversal of impairment loss is recognized in the Statement of Profit and Loss for the year. After recognition of impairment loss or reversal of impairment loss as applicable, the depreciation charge for the fixed asset is adjusted in future periods to allocate the asset's revised carrying amount, less its residual value (if any), on straight line basis over its remaining useful life.

### **3. Revenue Recognition**

Revenue from sale of goods is recognized on transfer of all significant risks and rewards of ownership to the buyer. The amount recognized as sale is exclusive of sales tax/VAT/GST and is net of returns & discounts. Sales

are stated gross of excise duty as well as net of excise duty (on goods manufactured and outsourced), excise duty being the amount included in the amount of gross turnover. The excise duty related to the difference between the closing stock and opening stock is recognized separately as part of changes in inventories of finished goods, work in progress and stock in trade. Revenue from service is recognized as per the completed service contract method. Processing income is recognized on accrual basis as per the contractual arrangements. Dividend income is recognized when the right to receive payment is established. Interest income is recognized on the time proportion basis.

#### **4. Lease Accounting**

##### **Assets taken on operating lease:**

Lease rentals on assets taken on operating lease are recognized as expense in the Statement of Profit and Loss on straight line basis.

#### **5. Inventory**

(a) Raw materials, work in progress, finished goods, packing materials, stores, spares, components, consumables and stock-in-trade are carried at the lower of cost and net realizable value. However, materials and other items held for use in production of inventories are not written down below cost if the finished goods in which they will be incorporated are expected to be sold at or above cost. The comparison of cost and net realizable value is made on an item-by-item basis. Damaged, unserviceable and inert stocks are valued at net realizable value.

(b). In determining cost of raw materials, packing materials, stock-in-trade, stores, spares, components and consumables, weighted average cost methods used. Cost of inventory comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventory to their present location and condition.

(c) Cost of finished goods and work-in-progress includes the cost of raw materials, packing materials, inappropriate share of fixed and variable production overheads, excise duty as applicable and other costs incurred in bringing the inventories to their present location and condition. Fixed production overheads are allocated on the basis of normal capacity of production facilities.

#### **6. Investments**

Investments are classified into current and long-term investments. Investments that are readily realizable and intended to be held for not more than a year from the date of acquisition are classified as current investments. All other investments are classified as long-term investments. Current investments are stated at the lower of cost and fair value. The comparison of cost and fair value is done separately in respect of each category of investments. Long-term investments are stated at cost. A provision for diminution in the value of long-term investments is made only if such a decline is other than temporary in the opinion of the management. Reversal of such provision for diminution is made when there is a rise in the value of long term investment, or if the reasons for the decline no longer exist. On disposal of an investment, the difference between its carrying amount and net disposal proceeds is recognized in the Statement of Profit and Loss.

#### **7. Transactions in Foreign Currency**

##### **(a) Initial recognition:**

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss.

##### **(b) Measurement of foreign currency items at the Balance Sheet date:**

Foreign currency monetary items of the Company are restated at the closing exchange rates. Non-monetary items are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising out of these translations are recognized in the Statement of Profit and Loss.

**(c) Forward exchange contracts:**

The Company had not entered into any forward exchange contracts to hedge against its foreign currency exposures relating to the underlying transactions and firm commitments. The Company had not entered into any derivative instruments for trading or speculative purposes.

**8. Trade receivables**

Trade receivables are stated after writing off debts considered as bad.

**9. Employee Benefits**

**A. Short Term Employee Benefits:**

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

**B. Post-employment benefits:**

**(a) Defined contribution plans :**

Defined contribution plans are employee state insurance scheme and Government administered pension fund scheme for all applicable employees and superannuation scheme for eligible employees. The Company's contribution to defined contribution plans are recognized in the Statement of Profit and Loss in the financial year to which they relate.

**(b) Defined benefit plans**

Provident fund scheme

The Company makes specified monthly contributions towards Employee Provident Fund scheme, for the eligible employees.

Gratuity scheme

Gratuity is payable to all eligible employees of the company on retirement, death, permanent disablement and resignation in terms of the provisions of the Payment of Gratuity Act 1972, or company's scheme whichever is more beneficial. In current year company has recognized Rs. 0.17 Lacs as expense in the Profit and Loss account, based on the Certificate issued by Actuaries.

**10. Research and Development**

Research and Development expenditure of a revenue nature is expensed out under the respective heads of account in the year in which it is incurred. Fixed assets utilized for research and development are capitalized and depreciated in accordance with the policies stated for Tangible Fixed Assets and Intangible Assets.

**11. Provision for Taxation**

Tax expense comprises of current tax (i.e. amount of tax for the period determined in accordance with the Income Tax Act, 1961) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period). The deferred tax charge or credit and the corresponding

deferred tax liabilities or assets are recognized using the tax rates that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carry forward loss under taxation laws, deferred tax assets are recognized only if there is a virtual certainty of realization of such assets. Deferred tax assets are reviewed as at each Balance Sheet date to reassess realization.

## **12. Provisions and Contingencies**

The Company creates a provision when there exists a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. When there is possible obligation or a present obligation in respect of which likelihood of outflow of resources is remote, no provision or disclosure is made.

## **13. Earnings per Share**

The Basic and Diluted Earnings per Share ("EPS") is computed by dividing the profit after tax for the year by weighted average number of equity shares outstanding during the year.

## **14. Borrowing Cost**

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs, if any, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized. All other borrowing costs are expensed in the period they occur.

## **15. Cash and Cash Equivalents**

Cash and cash equivalents include cash and cheques in hand, bank balances, demand deposits with banks and other short-term highly liquid investments where the original maturity is three months or less.

## **16. Government Grants and Subsidies**

The Company is not entitled to any subsidy from government authorities in respect of manufacturing units located in specified regions: Grants in the nature of subsidy which are nonrefundable are credited to the Statement of Profit and Loss, on accrual basis, where there is reasonable assurance that the Company will comply with all the necessary conditions attached to them. Grants in the nature of subsidy which are refundable are shown as Liabilities in the Balance Sheet.

## **17. Measurement of EBITDA**

The Company has opted to present earnings before interest(finance cost), tax, depreciation and amortization (EBITDA) as a separate line item on the face of the Statement of Profit and Loss for the year. The Company measures EBITDA on the basis of profit/ (loss) from continuing operations.

## **18. Segment Reporting**

### **i) Business Segment**

- a. The business segment has been considered as the primary segment.
- b. The Company's primary business segments are reflected based on principal business activities, the nature of service, the differing risks and returns, the organization structure and the internal financial reporting system.

- c. The Company's primary business comprises of manufacturing & supply of re-active power compensation systems, harmonic filters & other engineering goods and since it is the only reportable segment as envisaged in Accounting Standard 17. 'Segment Reporting'. Accordingly, no separate disclosure for Segment Reporting to be made in the financial statements of the Company.

## **ii) Geographical Segment**

A geographical segment is a distinguishable component of an enterprise that is engaged in providing products or services within a particular economic environment and that is subject to risks and returns that are different from those of components operating in other economic environments. The company provides products or services only through single establishment. Accordingly, no separate disclosure for Segment Reporting to be made in the financial statements of the Company.

19. The Company has recognized deferred tax arising on account of timing differences, being the difference between the taxable income and accounting income, that originates in one period and is capable of reversal in one or more subsequent period(s) in compliance with Accounting standard (AS 22) – Accounting for Taxes on income.
20. Disclosure under the Micro, Small and Medium Enterprises Development Act, 2006 are provided as under for the year 2022-23, to the extent the Company has received intimation from the "Suppliers" regarding their status under the Act.
  - (i) Principal amount and the interest due thereon remaining unpaid to each supplier at the end of each accounting year (but within due date as per the MSMED Act) Principal amount due to micro and small enterprise Rs. 245.25 Lacs (PY Rs.181.64 Lacs) and Interest due on above- Nil.
  - (ii) Interest paid by the Company in terms of Section 16 of the Micro, Small and Medium Enterprises Development Act, 2006, along-with the amount of the payment made to the supplier beyond the appointed day during the period - Nil
  - (iii) Interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the period) but without adding interest specified under the Micro, Small and Medium Enterprises Act, 2006 - Nil
  - (iv) The amount of interest accrued and remaining unpaid at the end of each accounting year - Nil
  - (v) Interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprises - Nil

Dues to Micro and Small Enterprises have been determined to the extent such parties have been identified on the basis of information collected by the Management. This has been relied upon by the auditors.

21. Previous year's figures have been regrouped / reclassified wherever necessary to correspond with current year's classification.
